About the job

STAGE PFE:

Are you a passionate and committed full-stack developer **based in Tunis** (Tunisia) and willing to use your skills to create social impact during six months?

Terrakodo is developing several apps improving the livelihoods of smallholder farmers around the globe.

Join us to contribute to the development of these disruptive mobile apps:

- Participate in the technological strategy and design of our projects.
- Write efficient and reliable code.
- Develop application programming interfaces (APIs).
- Participate in code reviews.
- Setup unit and integration tests.
- Keep up to date with the latest technology trends.

Technologies to master: Angular, Ionic and Laravel.

We are looking for someone based in Tunis finishing his or her **Master's degree in computer sciences or Engineering**, humble, friendly, independent, meticulous and reliable.

Location: Tunis, Tunisia
Duration: 6 months STAGE PFE – can result in first employment opportunity with competitive salary and excellent working conditions.
Working conditions: office.
Language: French, English.
Work environment: open, young, creative, stimulating.

Please apply on LinkedIn or send your resume to: contact@terrakodo.com.

We look forward to hearing from you!
